Source for SAGE Papertape

I'm not certain if this has been published anywhere, but I have an alternative source for Sage EAS tape. The URL to order is -- <http://www.thermalmedia.net>

and the "part number" is T038-006-100

Price is \$64.95 for 100 rolls... no thats not a misprint – 1 hundred rolls or 10 boxes as commonly sold. Order via credit card.

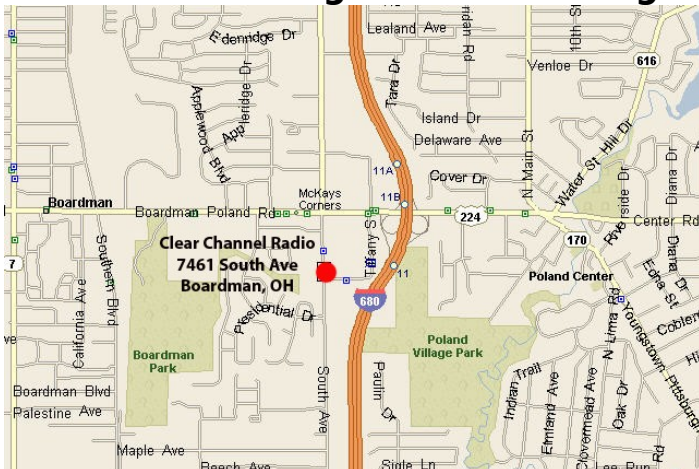

Tower Light Outages

The number to call to report Tower Light Outages is 877-487-6867. Be sure to have your tower registration number handy, and the FCC requires you to log outages, and needs to include time and date of the observed outage, when it was reported and the initials of both the person reporting the outage and the person taking the report.

Monthly Meeting

The August meeting will take place at noon on August 26. We will meet at the Clear Channel Youngstown broadcast building on South Avenue in Boardman. Anyone with an interest in broadcast engineering are welcome to attend our meetings. Bring a friend! The meeting gathers around noon and the business meeting begins just after we order lunch. Some meetings have a program scheduled. If you wish to do a presentation contact one of the officers, and you will be scheduled. We would like to know at least 2 weeks in advance so it can be published in the newsletter.

Location of August SBE meeting

EAS Test Schedule

Ohio:

August

8/1	2:30AM RWT		
8/6	4:50AM	RMT	(Exact Time)
8/12	1:30PM RWT
