Normal people ... believe that if it ain't broke, don't fix it.

Engineers believe that if it ain't broke, it doesn't have enough features yet.

EAS Webinar Available On-Demand Free

SBE presented a webinar that provided an update on the Emergency Alert System and the move to CAP as it pertains to broadcasters on August 19. This webinar is now available on-demand. One attendee to the live webinar said, "My time was well spent in this webinar. I have had a lot of questions about CAP and didn't have the time to do the research. Go to the SBE webpage for info."

SBE Certified logo available for use now

If you currently hold an SBE Certification, you are now able to use the SBE Certified logo on your business cards, letterhead, resume, website and email signature.

The SBE Certified logo may only be used when you include your valid SBE Certification designations after your name. Only the official SBE Certified logo can be used.

OAB ENGINEERING CONFERENCE

Mark your calendars! This year's Ohio Engineering Conference is scheduled for Wednesday, November 17 at the Aladdin Shrine Temple in Columbus (same location as last year).

Also – it's official! Ohio has been selected to host the 2011 National SBE Fall Meeting

SBE MEETING

The October meeting will take place at noon on October 14, 2010. We will meet at the Youngstown Sports Grill. Anyone with an interest in broadcast engineering is welcome to attend our meetings. Bring a friend. The meeting gathers around noon and the business meeting begins just after we order lunch.

Tower Light Outages

The number to call to report Tower Light Outages

877-487-6867. Be sure to have your tower registration number handy, and the FCC requires you to log outages, and needs to include time and date of the observed outage, when it was reported and the initials of both the person reporting the outage and the person taking the report.
